Bain was buying for Merritt-Schweir of Great Bend, and C. W. Deighton was buying for Swift & Co. The boys had a call to Great Bend recently to pay their fine which amounted to \$15.50. This should be a warning to the farmers, too, who handle their cream in a slipshod manner. The new law is very strict and is as binding on those who deliver cream as it is on the creameries or receiving stations.

Frank Millard, Jr., of this city has entered the contest of the Hutchinson Daily Gazette, and is striving with all his might to win an automobile. Some months ago the News of that city put up an auto, which was won by Roy Wooley of Ellinwood. This time we hope that a Great Bend boy will get it. The Hutchinson Gazette is a very good daily, covering the field as well as do the morning dailies we are getting from the east now. It is well edited, well published, and is in every respect a good paper. We would like to see every man who takes an outside daily give the Gazette a trial for a year, and thus give Frank the opportunity to secure the auto. Let us always and on all occasions, boost for the home man.
